

Initial Date: 04/28/17

Revised Date: 12/27/2022

Section 10-12

Medical Control Authorities choosing to adopt this supplement may do so by selecting this check box. Adopting this supplement changes or clarifies the referenced protocol or procedure in some way. This supplement supersedes, clarifies, or has authority over the referenced protocol. This protocol will only be used by SPRN trained individuals.

Transport Supplies

Suggested Supplies to be Immediately Available:

- Manual Suction
- BP cuff (manual, disposable)
- Pulse Ox (disposable)
- Emesis containers (sealable)
- Absorbent paper towels
- Sharps Container (small)
- Nitrile gloves box (Small, Medium, Large, Extra-large)
- Small trash bags
- Disinfectant wipes for surfaces
- Disinfectant wipes for skin
- Portable O2 tank (15 LPM capable)
- Nasal Cannula/NRB
- Cooler/ice packs
- Blankets (Space)
- Pillow
- Trauma Shears
- 2 Buckets (for bodily fluids, hold trash bags, use for cleaning)
- Time Keeping Device
- Sedation and/or pain control guidelines as applicable
- Medications, needleless delivery system

Suggested Supplies to be in accompanying vehicle or with driver:

- IV Kit/Fluid/Saline Lock
- 4X4 and/or Abdominal Pads
- Tape
- Rolled Gauze
- Body bag
- Cleaning / decontamination equipment
- Solidifier for liquids
- Donning/doffing protocols and checklists

Initial Date: 04/28/17

Revised Date: 12/27/2022

Section 10-12

Cleaning and Decontamination supplies (in accompanying vehicle or with driver):

- Towels & Cleaning Rags (disposable)
- Solidifier
- Bucket for cleaning
- EPA registered cleaning product with instructions for use
- Biohazard bags (~20)
