Protocol Review

All Field Providers:

The Saginaw – Tuscola Medical Control Authority is required to review and update protocols every 3 years. The MDHHS Bureau of EMS, Trauma and Preparedness is currently working on state protocols to be released later this year or early next year. We would like to aim for a similar time frame for STMCA specific protocols.

We are looking for input regarding potential changes to our STMCA Protocols. These protocols can be found at our website <https://www.saginawtuscolamca.org/section-1-treatment-protocols> . Any suggestions can be submitted by email to office@saginawtuscolamca.org . The suggestions will be reviewed and sent through the proper procedures for changing the protocol.

Again, these are for protocols that are listed and say “STMCA”. If you have any questions, do not hesitate to reach out to us.
